

Relative Value for Sustainable Forest Based Markets in Idaho

Relative Market Value

Disclaimer:
 This map has been compiled using the best information available to the Idaho Department of Lands at the time and may be updated and or revised without notice. In situations where known accuracy and completeness is required, the user has the responsibility to verify the accuracy of the map and the underlying data sources.

Relative Value for Sustainable Forest Based Markets in Idaho Layer was created by evaluating the cost distance of Mills and Biomass Facilities in or near Idaho and determining travel times in hours to those facilities. The resulting layer was then masked with forest and shrub/scrub classifications from the NLCD 2001 dataset.

Projection: IDTM NAD83
