

APPENDIX A: CWPP Addendum For County Wildland Fire Interagency Groups

This template may be used by County Wildland Fire Interagency Groups in order to more clearly express their priorities for hazardous fuels treatments, firefighting assistance, or other needs related to the National Fire Plan. Although the form is not required, **those County Working Groups that choose to submit this document will receive priority consideration for competitive grant and assistance funding programs.** This document provides your County Working Group with the opportunity to provide direct input into the process used to determine how National Fire Plan funds are distributed. If your Working Group would like to provide more project detail, you may attach additional sheets to this form or create your own document.

You may submit this document by mail or e-mail to:

Idaho State Fire Plan Working Group

B. Hazardous Fuels Treatments, Non Federal Lands

Please provide a list of hazardous fuels treatment projects that your group would like to see conducted on *private* lands. There is room available to include five projects, but you may provide more if you would like. Projects should be delineated by a specific boundary (i.e. subdivision, community, or watershed; simply stating “the eastern portion of the county” would not be specific enough). **This list of priorities may be changed at any time as projects are completed or as conditions warrant.**

Example: Castle Mountain Creeks Subdivision (adjacent to Garden Mountain BLM project, already completed)

1. Deerfoot Project- Treat interface between Hayden Lake & northeast part of CdA Lake (Adjacent to Forest Service)
2. Blue Alder project area to include ingress/egress (Adjacent to Forest Service)
3. Farragut State Park-South Line Shaded Fuel Break to include Farragut Village
4. Lake Farragut State Park North Perimeter Road Shaded Fuel Break
5. Farragut State Park - Hudson Bay Road Shaded Fuel Break
6. Adams Ecosystem Restoration at Garwood
7. Cooridor from Athol to Spirit Lake (dog hair thickets of pine)
8. Eastern edge of Hayden Lake
9. Western shore of Coeur d'Alene Lake
10. Eastern edge of Coeur d'Alene Lake where several large housing developments are being planned.

C. Hazardous Fuels Treatments, Federal Lands

Please provide a list of hazardous fuels treatment projects your group would like to see conducted on *federal* lands. For projects conducted within the wildland urban interface (WUI), it may be appropriate to include the adjacent community or subdivision. However, it is also appropriate to include those federal projects outside the WUI. **This list of priorities may be changed at any time as projects are completed or as conditions warrant.**

1. See All Hazard Mitigation Plan Annex
2. _____
3. _____
4. _____
5. _____

D. Firefighting Assistance Funds

Please provide a list of firefighting needs for fire departments within your county. The list may include tangible resources like fire trucks and hoses, safety or communications equipment like Personal Protective Equipment (PPE) and radios, as well as training and assistance with the creation of new fire districts. The purpose of this list is to create better awareness of resource needs within the county and to better allocate resources between various grant and assistance programs at the state level. Even though the needs of a number of different fire departments or districts are to be listed here, **the needs of each fire department or district will be evaluated independently.** If fire entities are unable to develop a countywide priority list, they may list the priorities of each department or district separately. **This list of priorities may be changed at any time as projects are completed or as conditions warrant.**

Example: 1. Creation of a new fire district in a rural portion of the county.
 2. Equipment for fire districts #1 and #2
 3. New fire house for district #4

1. See All Hazard Mitigation Plan Annex
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____

Please attach another sheet if necessary.

E. Other prioritization needs (optional)

What other needs do you have within your county? Any type of program not covered above may be included here such as homeowner education, a WUI Coordinator, adoption of WUI codes or ordinances, Federal Excess Personal Property (FEPP) requests, etc.

1. Education
2. Maintenance
3. Lending Closet
4. _____
5. _____
6. _____
7. _____

F. WUI Map

If your working group has made any changes to your wildland urban interface (WUI) map, please include a copy of the map (e-mail preferred to sschedler@idl.idaho.gov).
