Scope:

Emergency Response Solutions facilitated a Wildland/Urban Interface Mitigation Public Meeting on September 10, 2004 in the Rexburg/Madison Co. Fire Station. This meeting provided an opportunity to discuss the plan and receive public comments and input.

Provided:

Copies of the plan, surveys, posters and WUI Zone maps were provided.

Discussed:

- Reviewed the development and future implementation of the plan.
- Described each of the WUI Zones.
- Discussed the mitigation actions within Section 5.
- Discussed the economic analysis section and its development.
- Discussed current reimbursement program for homeowners within the Alpine/Swan Valley areas.
- Kevin Conran discussed other available fire mitigation grants. Also, reviewed the steps to becoming a FireWise community and explained defensible space.
- Spence Larsen discussed the concerns with CRP ground in Madison County.
