IDAHO DEPARTMENT OF LANDS
GENERAL CLAUSES TO
EMERGENCY EQUIPMENT RENTAL AGREEMENT FORM OF 294

Since the equipment needs of the Government and availability of Contractor's equipment during an emergency cannot be determined in advance, it is mutually agreed that, upon request of the Government, the Contractor shall furnish the equipment listed herein to the extent the Contractor is willing and able at the time of order. The following personnel are authorized to place orders against this agreement, Dispatchers, Buying Team Members, Finance Section Chiefs, Procurement Unit Leaders, and Contracting Officers. At time of dispatch, a resource order number will be assigned. The Contractor shall furnish the resource order number upon arrival and check in at the incident. The Incident Commander, or designee, is authorized to administer the technical aspects of this agreement. Equipment furnished under this agreement may be operated and subjected to extreme environmental and/or strenuous operating conditions which could include, but is not limited to, unimproved roads, steep, rocky, hilly terrain, dust, heat, and smoky conditions. As a result, by entering into this agreement, the Contractor agrees that what is considered wear and tear under this agreement is in excess of what the equipment is subjected to under normal operations and is reflected in the rates paid for the equipment. When such equipment is furnished to the Government, the following clauses shall apply:

CLAUSE 1. Condition of Equipment: All equipment furnished under this agreement shall be in acceptable condition. The Government reserves the right to reject equipment that is not in safe and operable condition. The Government may allow the Contractor to correct deficiencies within 24 hours. No payment for travel to an incident or point of inspection, or return to the Point of Hire, will be made for equipment that does not pass inspection. No payment will be made for time that the equipment was not available.

CLAUSE 2. Time Under Hire: The time under hire shall start at the time the equipment begins traveling to the incident after being ordered by the Government, and end at the estimated time of arrival back to the Point of Hire after being released, except as provided in Clause 7 of these General Clauses.

CLAUSE 3. Operating Supplies: As identified in Block 7, operating supplies include fuel, oil, filters, lube/oil changes. Even though Block 7 may specify that all operating supplies are to be furnished by the Contractor (*wet*), the Government may, at its option, elect to furnish such supplies when necessary to keep the equipment operating. The cost of such supplies will be determined by the Government and deducted from payment to the Contractor.

CLAUSE 4. Repairs: Repairs to equipment shall be made and paid for by the Contractor. The Government may, at its option, elect to make such repairs when necessary to keep the equipment operating. The cost of such repairs will be determined by the Government and deducted from payment to the Contractor.

CLAUSE 5. Timekeeping: Time will be verified and approved by the Government Agent responsible for ordering and/or directing use of each piece of equipment. Time will be recorded to the nearest half hour worked for daily/hourly rate, or whole mile for mileage.

CLAUSE 6. Payments

a. Rates of Payments - Rates for equipment hired with Contractor-Furnished Operator(s) shall include all operator(s) expenses. Payment will be at rates specified

and, except as provided in Clause 7, shall be in accordance with the following:

1. **Work Rates (Column 13)**

(hourly/daily/mileage/shift basis) shall apply when equipment is under hire as ordered by the Government and on shift, including relocation of equipment under its own power.

ON-SHIFT: Includes time worked, time that equipment is held or directed to be in a state of readiness, and compensable travel (equipment traveling under its own power) that has a specific start and ending time.

2. **Special Rates (Column 14)** shall apply when specified.

3. **Guarantee.** For each calendar day that equipment is under hire for at least 8 hours, the Government will pay not less than the amount shown in Column 15. If equipment is under hire for less than 8 hours during a calendar day, the amount earned for that day will be not less than one-half the amount specified in Column 15. The guarantee is not applicable to equipment hired under the daily rate. Equipment under transport is time under hire and compensated through the guarantee. If equipment is transported under its own power, it is compensated under the work rate.

4. **Daily Rate (Column 13)** - Payment will be made on basis of calendar days (0001 - 2400). For fractional days at the beginning and ending of time under hire, payment will be based on 50 percent of the daily rate for periods less than 8 hours. Under the daily rate equipment may be staffed with or without operator.

(a) **Shift Basis (Portion of Calendar Day)**

- 1) **Single Shift** - (SS) is staffed with one operator or one crew.
- 2) **Double Shift** - (DS) is staffed with two operators or two crews (one per shift). The DS rate will apply any calendar day the DS was under hire, including travel. There will be no compensation for a double shift unless a separate operator(s) and or crew(s) is/are ordered in writing for the second shift.
- 3) Agency personnel at the Section Chief level may, by resource order, authorize a second operator or crew (Double Shift), if needed during the assignment.

(b) Method of Payment. Lump-sum payment will normally be processed at the end of the emergency assignment. However, partial payment may be authorized as approved by the incident agency.

Payment for each calendar day will be made for:

- 1) Actual units ordered and performed under work or daily, shift basis and/or special rates, or
- 2) The guarantee earned, whichever is the greater amount.

CLAUSE 7. Exceptions

a. Daily Rate or Guarantee: No further payment under Clause 6 will accrue during any period that equipment under hire is not in a safe or operable condition or when Contractor-Furnished Operator(s) is not available for the assigned shift or portions of the assigned shift. Payment will be based on the hours the equipment was operational during the assigned shift, as documented on the shift ticket versus the designated shift shown on the Incident Action Plan (IAP). If the equipment was not operational for the full shift, the deduction from the daily rate is calculated by converting the

length of shift from the IAP to determine the hourly rate and pay the Contractor for the total hours worked before equipment became nonoperational.

b. If the Contractor withdraws equipment and/or operator(s) prior to being released by the Government, no further payment under Clause 6 shall accrue and the Contractor shall bear all costs of returning equipment and/or operator(s) to the Point of Hire.

c. After inspection and acceptance for use, equipment and/or furnished operator(s), that cannot be replaced or equipment that cannot be repaired at the site of work by the Contractor, or by the Government in accordance with Clause 4, within 24 hours, may be considered as being withdrawn by the Contractor in accordance with Paragraph B above, except that the Government will bear all costs of returning equipment and/or operator(s) to the Point of Hire as promptly as emergency conditions will allow.

d. No payment will accrue under Clause 6 when the Contractor is off shift in compliance with the mandatory "Work/Rest" and "Length of Commitment" provisions. As an option to rotating personnel, or taking a mandatory day off, without pay, the Contractor may be released from the incident.

CLAUSE 8. Subsistence: When Government subsistence incident camps are available, meals and bedding for Contractor's will be furnished without charge. Government will furnish meals and lodging without cost if hotel/restaurant subsistence is the approved camp for incident personnel. Double occupancy of hotel rooms may be required. Contractors are not paid per diem or lodging expenses to and from incidents.

CLAUSE 9. Loss, Damage, or Destruction:

a. For equipment furnished under this EERA without operator, the Government will assume liability for any loss, damage or destruction of such equipment, except that no reimbursement will be made for loss, damage or destruction due to (1) ordinary wear or tear, (2) mechanical failure, or (3) the fault or negligence of the Contractor or Contractor's employees.

b. For equipment furnished under this EERA with operator, the Government shall not be liable for any loss, damage or destruction of such equipment, except for loss, damage or destruction resulting from the negligence, or wrongful act(s) of Government employee(s) while acting within the scope of their employment. The operator is responsible for operating the equipment within its operating limits and responsible for safety of the equipment.

CLAUSE 10. Contractor's Responsibility for Property and Personal Damages: Except as provided in Clause 9, the Contractor will be responsible for all damages to property and to persons, including third parties, that occur as a result of Contractor or designee or employee fault or negligence. The term "third parties" is construed to include employees of the Government.

CLAUSE 11. Deductions: Unless specifically stated elsewhere in this agreement the cost of any supplies, materials, or services, including commissary, provided for the Contractor by the Government will be deducted from the payment to the Contractor.

CLAUSE 12. Personal Protective Clothing and Equipment: The Government considers operators as fireline personnel who will use and wear specified articles of personal protective equipment.

a. The following mandatory items will be issued by the Government, when not required to be furnished by the Contractor, to operators performing within the scope of this agreement:

1. Clothing: Boots, minimum 8 inches high, lace-type leather work boot with Vibram-type soles (boots are provided by the Contractor); hard hat with chin strap; fire resistant long sleeve shirt and trousers, or fire resistant jumpsuit; leather or leather/flammable resistant combination gloves; goggles/safety glasses; and ear plugs/hearing protection. When using a chainsaw, saw chaps will be required for leg protection.

2. Equipment: fire shelter; headlamp; individual first-aid kit;

3. Other items may be issued by the Government.

b. Operators shall wear the items of clothing issued and maintain the issued equipment in a usable and readily available condition. Upon completion of the assignment, all issued items of clothing or equipment shall be returned to the Government. Deductions will be made for all Government-furnished protective clothing and equipment not returned by the Contractor.

CLAUSE 13. Commercial Motor Vehicles: All commercial motor vehicles must meet Department of Transportation (DOT) requirements. The regulations can be found at the following website: www.fmcsa.dot.gov.

CLAUSE 14. Claims Settlement Authority: Claims against the state of Idaho for incidents under IDL jurisdiction, while managed by an IMT, will be submitted to the Finance Section. Documentation will be filed in accordance with Chapter 70 of the IIBM and Chapter 50 in the Geographic Area Supplements. The IMT cannot resolve claims for the state of Idaho. All documentation must be submitted to the host agency. The host agency shall submit the claim to the Fire Business Program Manager, Bureau of Fire Management, who will settle the claim or forward to Risk Management for final determination.

CLAUSE 15. Changes: Changes to Emergency Equipment Rental Agreements (EERAs), OF294, may only be made by the original signing procurement official. If the original signing procurement official is not available and adjustments are deemed appropriate, a new EERA shall be executed at the incident and shall be applicable only for the duration of that incident. The agreement will include name and location of the Incident.

CLAUSE 16. Firearm – Weapon Prohibition: The possession of firearms, or other dangerous weapons, are prohibited at all times while on government property and during performance of services, under this agreement. The term dangerous weapon does not include a pocket knife with a blade less than 2 ½ inches in length or multipurpose tools such as a Leatherman.

CLAUSE 17. Work/Rest and Length of Assignment: The Contractor is required to follow the work/rest guidelines as established by the NWCG. Refer to website for the guidelines: www.nwccg.gov.

CLAUSE 18. Harassment Free Workplace: The contracting agency will not tolerate harassment based on race, national origin, religion, age, mental or physical disability, color, sex, or any other non-merit factors.

The contracting agencies strive for a harassment-free work environment where people treat one another with respect. Managers, supervisors, and all employees, as well as Contractors, cooperators and volunteers have the primary responsibility for creating and sustaining this harassment-free environment (by example, by job supervision, by coaching, by training, by contract enforcement, and by other means). All employees, Contractor personnel, and visitors must take personal responsibility for maintaining conduct that is professional and supportive of this environment.

SECTION C Description/Specifications/Statement of Work

The following sack lunch specifications are from the U.S. Forest Service National Mobile Food Services Contract. This document can be used to give to potential restaurants/caterers that would be contracted to provide sack lunches.

(5) Sack Lunch

Regular and vegetarian sack lunches shall be provided as ordered by the FDUL. Vegetarian sack lunches shall be prepared for the Ovo-Lacto vegetarian classification level and shall consist of the same quantities and items as regular sack lunches. Nonmeat protein substitutes such as vegetarian lunch meats require FDUL approval and shall be used on a limited basis in vegetarian sack lunches.

Definition: Ovo-Lacto Vegetarian - This is the most common form of vegetarianism. Ovo-Lacto vegetarians do not eat meat, chicken, fish or flesh of any kind, but do eat eggs and dairy products. Sub categories are Ovo vegetarians that eat eggs but not dairy products, while Lacto vegetarians eat dairy products but not eggs.

The sack lunch consists of four categories of food items. In preparation of the sack lunches, no two items in each category shall be the same. To ensure variety, lunch items shall not be repeated in a three day period.

Note: Pre-prepared sandwiches shall not be frozen.

Note: For minimum quantity, quality and variety reference Sections C.4(d), C.4(g) and Attachment J.5A Sack Lunch Options.

Sack lunches shall consist of the following items:

(i) Primary Meal – 1 Sandwich/Wrap

- A) The sandwich/Wrap shall be wrapped in plastic wrap or plastic bags.
- B) The sandwich/Wrap shall contain a minimum of 2 oz. of bread or bread equivalent.
- C) The meat sandwich/wrap shall contain a minimum of 4 oz. sliced whole muscle or variety meat or a combination of meat and cheese.
- D) The Vegetarian primary meal must consist of a minimum of 1 sandwich or wrap and shall contain 4 oz of a non-meat protein.
- E) Appropriate individually packaged condiments shall be provided and not be put directly on the sandwich.

(ii) Secondary Meal - Variety Item

Contractors shall select 1 item from this category. Contractors may choose a variety of items for the secondary meal including a second sandwich. (See Section J.5A Sack Lunch Options, for examples and size of variety items)

(Ref. National Mobile Food Services Contract 2015)

Solicitation No. AG-024B-S-14-9000
National Mobile Food Services

U.S. Forest Service
National Office

(iii) Salads, Fresh Fruit, and Fresh Vegetables – Contractors shall select 2 items from this category.

- A) Salads - Shall be made with a non-mayonnaise base. When served as a side shall have a minimum volume of 4 oz.
- B) Fresh Fruit - Acceptable whole fruits may be apples, pears, stone fruit (peaches, nectarines, plums, etc.), oranges, bananas, etc. Whole fruits shall be equivalent in size to 100 count apples or 88 count oranges. Fruits requiring packaging shall be a minimum volume of 8 oz. cup.
- C) Fresh Vegetables - Shall be a minimum volume of 8 oz. cup.

(iv) Energy Snacks – Contractors shall select 6 items from this category.

(v) Condiments - Four individual factory-wrapped packets of condiments appropriate for the items being served.

(vi) Paper Napkin and Pre-Moistened Towelette - Two each.
