 ABBE MACE  
 FREMONT CO RECORDER  
 I am the Deputy Recorder at the Office of  
 Thompson Engineering, Inc.

**NARRATIVE**

This survey was performed at the request of the Idaho Department of Fish and Game in December 2014. This survey is based on a 1978 Survey performed by Carl E. McMaken (L.S. No. 904) and recorded as Instrument No. 551627 in the Fremont County Courthouse. The Basis of Bearing is the West line of Section 3, which is the Bearing used by Carl for his 1978 Survey. I used the West line and not the North line of section 3 because Carl had a line of site between the Northwest Section corner and the West Quarter Corner, whereas it appears he had to traverse from the Northwest Section Corner and the North Quarter Corner of section 3. I set metal fence "T" posts at most of the monument locations.

Note: I performed a Compass Rule Adjustment along the Fish and Game Boundary line between the recovered 1978 Iron Rods found at AP 4 and AP 14.

This Survey does not constitute a Title Search by Thompson Engineering, Inc., and may not show all Easements of Record.

**CERTIFICATE OF SURVEY**

I, Kevin L. Thompson, do hereby Certify that I am a Licensed Professional Land Surveyor in the State of Idaho, and that the attached plat was drawn from an actual Survey made on the ground under my direct supervision, and that this map is an accurate representation of said Survey.

REGISTERED PROFESSIONAL LAND SURVEYOR  
 10563
