Boise ID 83720-0050

Dear Mr. Wilson:

Thank you for providing Payette County with a copy of the Application For Permit to Drill oil and gas well ML Investments 2-3, submitted by Alta Mesa Services, LP.

My office has now received an application for Payette County Oil & Gas Well Drilling Permit for the above wellsite. The application has been reviewed and found to comply with the requirements of Payette County Code § 8-20 except for the State Department of Lands permit number. Alta Mesa will need to provide that information upon the State's approval of their application, and they will be required to comply with all applicable Payette County ordinances during the drilling process.

Please contact me if you have any questions.

Sincerely,

*Patti S. Nitz*
