Subject: Docket No 20-0214-1601
Date: Tuesday, August 23, 2016 11:36:29 AM

8/23/16
Attn: Archie Gray, CF

This proposed rule not only harms and hinders the pole companies ability to prosper but our business as well. Our business is to supply cedar fencing to our area (inland empire) and rely on approximately 65% to 70% pole companies for cedar logs.

Without this supply we rely on small home owners, gypo loggers and laid off loggers who have a certificate of compliance to fill the balance of our needs. We are the biggest supplier to local small businesses in the inland empire and they as well as us would suffer if we could not meet their needs.

Unfortunately we do not have the time or resources to bid on mixed sales and feel the large companies would be the only ones to benefit from these rules.

Thank you for your time
Barrett's Busy B Cedar
