To Whom it doesn't seem to concern:

In response to Section 130 of the proposed rules for oil & gas conservation, I should like to remind you of the following:

CONSTITUTION OF THE STATE OF IDAHO
ARTICLE XI CORPORATIONS, PUBLIC AND PRIVATE

"...and the police powers of the state shall never be abridged or so construed as to permit corporations to conduct their business in such manner as to infringe the equal rights of individuals, or the general well being of the state."

Forced pooling completely disregards the so-called equal rights of citizens like myself who object to this unconstitutional activity on the grounds of its threat to health and property.

Thank you,

Darcy Merritt
