Hello Ms. Byers,

My name is Nicholas Wolfe and I currently have the rights to / assignment of one of the end slips of our current community floating docks to which the new slips will be attached. I am writing to make clear my support for the expansion of the community floating dock so that the last few members of our community can have the same lake access that the rest of us currently enjoy. We, as a community have been debating this issue for at least a couple years now and the expansion of the floating docks is the best solution for all stakeholders. I would like my endorsement to be included in the public comment record for upcoming public hearing. Thank you.

V/r,  
Nicholas Wolfe
