Director Miller,

Having read the request by Idaho Farm Bureau Federation (dated April 22, 2025) for IDL to begin negotiated rules relating to Idaho Statute I believe their request is reasonable and I fully support their effort. Their letter speaks for itself.

While we have witnessed improvement in forest management in recent years there is still more to be done to reduce the risk of catastrophic wildfires. Now is a great time for IDL to affirm the actions of the Legislature, the Governor and others in Government that recognize the threat.

Again, I am in full agreement with what was stated in the Idaho Farm Bureau's letter.

Sincerely,
