Dear Elaine,
I am writing to express my concerns regarding the proposed dock near my property along the Pend Oreille River in Idaho.

My property is a small peninsula extending into the river, and I am concerned about the potential effects of the proposed dock on my shoreline.

The proposed dock is approximately 130 feet from my property at its closest point. I respectfully request that the Idaho Department of Lands evaluate the potential for erosion or other shoreline damage and require the applicant to provide adequate evidence that the proposed dock will not adversely affect my property.

I would also appreciate consideration of any necessary protective measures to prevent shoreline damage and avoid leaving me responsible for costly repairs.

I understand that additional information must be submitted before November 17, 2026, and I am sending these concerns for consideration ahead of the scheduled December 1, 2026 hearing.

Please confirm receipt of this email and let me know if any additional information is needed.

Thank you for your time and consideration.

Sincerely,

Don Myers
