Idaho Dept. of Lands
Mica Supervisory Area

July 10, 2020

Dear Madam/Sir,

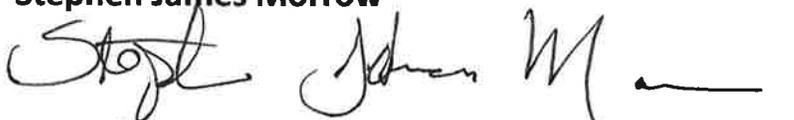

I am writing to advise you of my strong opposition to the application for a commercial navigational encroachment permit ERL95S1378B – NIM - John Condon and the building/development of a commercial dock and a commercial work area in Wolf Lodge Bay on Coeur d'Alene Lake because of the negative effects the proposed encroachment will have on adjacent littoral property and public trust values listed below:

- 1) Fish and Wildlife Habitat
- 2) Aquatic Life
- 3) Aesthetic Beauty
- 4) Recreation
- 5) Public Safety
- 6) Residential and Migratory Bird Habitat
- 7) Water Quality

The mission of IDL is to protect public trust values Code Sf8 – 1301 and is to be administered for public benefit rather than a specific beneficiary.

Respectfully submitted,

Stephen James Morrow
