Subject: Comments on Case No. PH-2020-PUB-22-002

To whom it may concern:

I have become aware that there will be a public hearing regarding North Idaho Maritime (John Condon, Applicant) on July 23, 2020, regarding a proposed commercial dock and work area in the Wolf Bay area of Lake CDA.

I want to express my concern that this proposal clearly goes against the mission and goals of the Idaho Department of Lands (IDL). In short, if approved, this project will allow private commercial interests to benefit at the public's expense. This great bay, which is home to all sorts of wildlife - including the famous eagle visitors in the winter - a place for a wide variety of public recreation, as well as a location for many visitors to simply enjoy natural beauty, will be severely damaged by this project.

Wolf Bay belongs to all of us, and no private individual or business has the right to destroy it for all of us today - and tomorrow.

Thank you

Jeff
