North Idaho Maritime- John Condon Applicant

I am writing as a resident of Harrison that drives on the beautiful scenic byway of highway 97 most days of the week. Family use the lake area for bathing and boating near the WolfLodge site under discussion. I vote against the Condon Applicant as it is bad for CDA and our tourism which has substantially grown this past year with visitors taking this scenic road and hiking at Mineral Ridge often. I have had conversations with several of these tourists about the issue of what may be approved at Wolf Lodge Bay and they are unanimously appalled. CDA has been on national television several times this year for nefarious incidents and this will not add to our image not to say what it will do to the environment and local wildlife.

This is not suitable for an industrial site and there are other sites he can choose that are industrial.

Please cast my vote as a big NO.

Sincerely,

Bonnie Cowper
