7/22/20

To whom it may concern,

This letter is in support of North Idaho Maritime's endeavor to install a commercial dock in Wolf Lodge Bay. John has been a respected businessman for years, and his company has proven to be a valuable asset to the community. North Idaho Maritime needs to have access to the lake to continue with their day-to-day operations. These operations are essential to the residents of Coeur d' Alene Lake.

With this undeveloped residential area of the lake I think it is an adequate location to both serve the public and the company's needs. There are not many, if any, locations left that can serve both purposes.

I fail to see how a business that operates at this location in the summer will affect eagle populations in the winter. Our lake has problems bigger than one company trying to be a solution.

I trust John to continue to develop and conduct his business in an ethical manner and I hope that you will approve this application.

Sincerely,

Greg Gervais
