Subject: Case No. PH-2020-PUB-22-002, North Idaho Maritime – John Condon, Applicant...Permit No. ERL-95-S-1378B
Date: Thursday, July 23, 2020 01:06:26 PM

IDL, thank you for this opportunity for comment(s).

North Idaho Maritime is a SERVICE INDUSTRY to keep the waterways of North Idaho safe.

Their latest contribution used Crane/Barge for recovery efforts of the July 5 aerial disaster.

With family roots since mid-50's on the 'east side' of the Lake, I have observed an opposition who opposes ANYTHING that will bring jobs, safety and entrepreneurship.

Allow North Idaho Maritime's Permit Application to build and develop a commercial dock and commercial work area at Wolf Lodge Bay. Wolf Lodge Bay will not be blocked off from 'safe and healthy use'.

The 'calm' waterways will be unchanged.

The 'bald eagles' will be unchanged.

The 'gawkers' of the bald eagles will be unchanged.

The 'fish' will be unchanged (until the 'bald eagles' find them!)

North Idaho Maritime's presence on the Lake is welcomed at Wolf Lodge Bay.

That will be the ONLY change!

IDL, please Approve Permit No. ERL-95-S-1378B, North Idaho Maritime – John Condon, Applicant

Thank you for your time.
