Subject: omnibus bill for dredging and placer mining in idaho

I attended the meeting held yesterday in Idaho falls , after reading over the case click v andrus 1976 before Idaho supreme court.....my only concern is that the board has the ability to accept or reject applications with in the parameter of 'benefit in the public interest' WHICH IS ,OR MAY BE ,IN DIRECT OPPOSITION TO THE IDAHO CONSTITUTIONAL PROVISIONS PROTECTING THE RIGHT TO MINE AND EXTRACT MINERALS UPON VALID FEDERAL MINING CLAIMS!,,,,,,,,,,,,,,,,,REGARDS ,DAVE ERLANSON SR.....[please include these comments due today on the recordthanks]
