Sherri Ybarra, Sup't of Public Instruction*

REGARDING: IDL's RFI for Handheld Devices – Log Scaling

This ADDENDUM 1 is sent to record answers to timely received questions for the RFI issued on March 26, 2021.

- 1) What is the estimated contract value for these services?
 - IDL is budgeting for a total of 23 devices including any add-ons and support.
 - Some of the information gained through the RFI process will help determine the final budget amounts.
- 2) If this RFI greenlights a solicitation, what is the anticipated timeframe for procurement that would follow the proposed purchasing plan?
 - 5 devices by 6/1/2021, the remaining 18 by the end of 2021
- 3) I understand the department is currently using Juniper Systems Allegro2 Handheld devices. How may I obtain copies of any contract documents?
 - Information regarding previously awarded purchases can be requested in a public records request to the agency utilizing the following link:
 - <https://www.idl.idaho.gov/public-records-request/>
 - There are no specific "contracts" with Juniper Systems at this time. IDL has been purchasing Allegro2 Handheld devices through periodic purchase orders over many years.
 - IDL's IT team supports the devices for the most part. When specific technical expertise is required to complete a repair or address software-related issues, the parent company is contacted to troubleshoot and address the issues.

These questions and answers do not change the due date of the RFI.

RFI responses are due: April 9, 2021 @ 3:00 PM MT

Thank you.
