IDL PRESEASON ENGINE CONTRACT (CONTINUED)**16. SPECIAL PROVISIONS (CONTINUED):**

Inclusive Dates: 08/01/2020-09/15/2020

Initial term of agreement shall be from August 1 through September 15th, with an option for IDL to renew for bi-weekly intervals thereafter.

Work Schedules:

During the term of the contract, contracted resources will be considered and treated as an IDL asset. The host unit is responsible for assigning the contractor a weekly work schedule. The contractor is guaranteed five days a week, no less than 40 hours per week. Days off are dependent upon current fire danger and incoming weather systems. During periods of non-routine or extended activity, contractors will have a minimum of 1 day off in any 21-day period. This minimum requirement should rarely be needed since scheduled days off are normally given more frequently during periods of routine activity. No payment will be made for scheduled days off, except when in **Standby Status**.

Equipment must be prepositioned in the assigned area (host unit) for immediate response when called upon by Idaho Department of Lands (IDL) for the purpose of fire suppression. Equipment and qualified operators/crew members must be on site during normal business hours and **within 30 minutes response at all other times** (response times can be changed at the discretion of the host unit's Fire Warden or Area Manager).

"Standby" on Scheduled Days Off:

There may be times when a contractor is asked to stay local and adhere to set response times on a scheduled day off. Examples are red flag events and incoming weather events. If the contractor can make themselves available and agree to the conditions, they will be placed on Standby. Standby is paid at 50% of the Daily Rate. When the contracted resource is in Initial Attack for 8 hours or more, they will be paid at the full Daily Rate.

Work/Rest:

Work/rest guidelines should be met when possible. Plan for and ensure all personnel are provided a minimum 2:1 work/rest ratio (for every 2 hours of work or travel, provide 1 hour of sleep and/or rest). Work shifts that exceed 16 hours and/or consecutive days that do not meet the 2:1 work/rest ratio should be the exception, and no work shift should exceed 24 hours. However, in situations where this does occur (for example, initial attack), personnel will resume 2:1 work/rest ratio as quickly as possible.

No payment will be made when the contractor is off shift to comply with the mandatory "work/rest" requirement.

Double Shift:

See IDL Preseason Contract Provisions Clause 6, 4.2.

Crew Rotation:

There will be no additional compensation for rotating crew members. It is the contractor's responsibility to coordinate rotations with their assigned Host Unit.

Self-Sufficiency:

While not assigned to an incident, equipment and crews are required to be self-sufficient.

Federal Incident Support:

If the engine and crew are requested beyond initial attack on a Federal incident, follow the process outlined in the **attached 2020 IDL Engine Contract Fact Sheet**.

IDL PRESEASON ENGINE CONTRACT (CONTINUED)

16A. IDL Internal Provisions

Documentation Requirements:

All work performed (Staged or Assigned to an incident) will be documented using an Emergency Equipment Shift Ticket (OF-297), or Combo Shift Ticket, and signed daily by the IDL Fire Warden or designee. While staged and assigned to an incident the contractor will be paid at the daily rate. Documentation will be submitted to the host unit for payment. Resource orders for the contracted equipment are required:

- On-District—when the incident is no longer in the initial attack period and has moved into extended attack
- Off-District—when the contracted engine assists on an incident off their designated home unit. For example, if the contractor's host unit is Mica Fire Protective District (FPD) and they are sent to assist an IDL incident in the Ponderosa FPD, a request shall be made through dispatch to generate a resource order for the resources responding to the Ponderosa FPD's incident.

Payments:

While in repositioned status, payments to the contractor will be submitted bi-weekly by the IDL host unit.

If assigned to an incident, payments shall be submitted by the incident host unit (may be different from the assigned IDL host unit) within 5 business days of demobilization. IDL host units shall follow the contract payment process outlined in IDL FMH 840.

How to process payments for fractional days- Refer to IDL Preseason Contract Provisions, Clause 6, #4

NOTE: Total paid in a single day shall not exceed the Daily Rate.

CONTRACTOR'S OR AUTHORIZED AGENT'S SIGNATURE: 	DATE: 7-15-2020	IDL REPRESENTATIVE: 	DATE: 7-23-20
PRINT NAME AND TITLE: GREGORY BASSLER VICE PRESIDENT, OPERATIONS		PRINT NAME AND TITLE: Scott Hayes Dep Chief Plays	

IDAHO DEPARTMENT OF LANDS PRESEASON CONTRACT PROVISIONS

Since the equipment needs of the Government and availability of Contractor's equipment during an emergency cannot be determined in advance, it is mutually agreed that, upon request of the Government, the Contractor shall furnish the equipment listed herein to the extent the Contractor is willing and able at the time of order. The following personnel are authorized to place orders against this Agreement/Contract, Dispatchers, Buying Team Members, Finance Section Chiefs, Procurement Unit Leaders, and Contracting Officers. At time of dispatch, a resource order number will be assigned. The Contractor shall furnish the resource order number upon arrival and check in at the incident. The Incident Commander, or designee, is authorized to administer the technical aspects of this Agreement/Contract. Equipment furnished under this Agreement/Contract may be operated and subjected to extreme environmental and/or strenuous operating conditions which could include, but is not limited to, unimproved roads, steep, rocky, hilly terrain, dust, heat, and smoky conditions. As a result, by entering into this Agreement/Contract, the Contractor agrees that what is considered wear and tear under this Agreement/Contract is in excess of what the equipment is subjected to under normal operations and is reflected in the rates paid for the equipment. When such equipment is furnished to the Government, the following clauses shall apply:

CLAUSE 1. Condition of Equipment: All equipment furnished under this Agreement/Contract shall be in acceptable condition. The Government reserves the right to reject equipment that is not in safe and operable condition. The Government may allow the Contractor to correct deficiencies within 24 hours. No payment for travel to an Incident, point of inspection or return to the Point of Hire, will be made for equipment that does not pass inspection. No payment will be made for time that the equipment was not available.

CLAUSE 2. Time Under Hire: The time under hire shall start at the time the equipment begins traveling to the incident after being ordered by the Government, and end at the estimated time of arrival back to the Point of Hire after being released, except as provided in Clause 7 of these General Clauses.

CLAUSE 3. Operating Supplies: As identified in Block 7, operating supplies include fuel, oil, filters, lube/oil changes. Even though Block 7 may specify that all operating supplies are to be furnished by the Contractor (*wet*), the Government may, at its option, elect to furnish such supplies when necessary to keep the equipment operating. The cost of such supplies will be determined by the Government and deducted from payment to the Contractor.

CLAUSE 4. Repairs: Repairs to equipment shall be made and paid for by the Contractor. The Government may, at its option, elect to make such repairs when necessary to keep the equipment operating. The cost of such repairs will be determined by the Government and deducted from payment to the Contractor.

CLAUSE 5. Timekeeping: Time will be verified and approved by the Government Agent responsible for ordering and/or directing use of each piece of equipment. Time will be recorded to the nearest half hour worked for daily/hourly rate, or whole mile for mileage.

CLAUSE 6. Payments

Rates of Payments - Rates for equipment hired with Contractor-Furnished Operator(s) shall include all operator(s) expenses. Payment will be at rates specified and, except as provided in Clause 7, shall be in accordance with the following:

1. **Work Rates** (*Column 12*) (hourly/daily/mileage/shift basis) shall apply when equipment is under hire as ordered by the Government and on shift, including relocation of equipment under its own power.

ON-SHIFT: Includes time worked, time that equipment is held or directed to be in a state of readiness, and compensable travel (equipment traveling under its own power) that has a specific start and ending time.

2. **Special Rate** (*Column 13*)- shall apply when specified.
3. **Guarantee-** For each calendar day that equipment is under hire for at least 8 hours, the Government will pay not less than the amount shown in Column 14. If equipment is under hire for less than 8 hours during a calendar day, the amount earned for that day will be not less than one-half the amount specified in Column 14. The guarantee is not applicable to equipment hired under the daily rate. Equipment under transport is time under hire and compensated through the guarantee. If equipment is transported under its own power, it is compensated under the work rate.
4. **Daily Rate** (*Column 12*) - Payment will be made on basis of calendar days (0001 – 2400). For fractional days at the beginning and ending of time under hire, payment will be based on 50 percent of the daily rate for periods less than 8 hours. Under the daily rate equipment may be staffed with or without operator.

Shift Basis (Portion of Calendar Day)

- 1) **Single Shift** - (SS) is staffed with one operator or one crew.
- 2) **Double Shift** - (DS) is staffed with two operators or two crews (one per shift). The DS rate will apply any calendar day the DS was under hire, including travel. There will be no compensation for a double shift unless a separate operator(s) and or crew(s) is/are ordered in writing for the second shift.

- 3) Agency personnel at the Section Chief level may, by resource order, authorize a second operator or crew (Double Shift), if needed during the assignment.

Method of Payment. Lump-sum payment will normally be processed at the end of the emergency assignment. However, partial payment may be authorized as approved by the incident agency. Payment for each calendar day will be made for:

1. Actual units ordered and performed under work or daily, shift basis and/or special rates, or
2. The guarantee earned, whichever is the greater amount.

CLAUSE 7. Exceptions

Daily Rate or Guarantee: No further payment under Clause 6 will accrue during any period that equipment under hire is not in a safe or operable condition or when Contractor-Furnished Operator(s) is not available for the assigned shift or portions of the assigned shift. Payment will be based on the hours the equipment was operational during the assigned shift, as documented on the shift ticket versus the designated shift shown on the Incident Action Plan (IAP). If the equipment was not operational for the full shift, the deduction from the daily rate is calculated by converting the length of shift from the IAP to determine the hourly rate and pay the Contractor for the total hours worked before equipment became nonoperational.

1. If the Contractor withdraws equipment and/or operator(s) prior to being released by the Government, no further payment under Clause 6 shall accrue and the Contractor shall bear all costs of returning equipment and/or operator(s) to the Point of Hire.
2. After inspection and acceptance for use, equipment and/or furnished operator(s), that cannot be replaced or equipment that cannot be repaired at the site of work by the Contractor, or by the Government in accordance with Clause 4, within 24 hours, may be considered as being withdrawn by the Contractor in accordance with Paragraph B above, except that the Government will bear all costs of returning equipment and/or operator(s) to the Point of Hire as promptly as emergency conditions will allow.
3. No payment will accrue under Clause 6 when the Contractor is off shift in compliance with the mandatory "Work/Rest" and "Length of Commitment" provisions. As an option to rotating personnel, or taking a mandatory day off, without pay, the Contractor may be released from the incident.

CLAUSE 8. Subsistence: When Government subsistence incident camps are available, meals and bedding for Contractor's will be furnished without charge. Government will furnish meals and lodging without cost if hotel/restaurant subsistence is the approved camp for incident personnel. Double occupancy of hotel rooms may be required. Contractors are not paid per diem or lodging expenses to and from incidents.

CLAUSE 9. Loss, Damage, or Destruction:

1. For equipment furnished under this Agreement/Contract without operator, the Government will assume liability for any loss, damage or destruction of such equipment, except that no reimbursement will be made for loss, damage or destruction due to (1) ordinary wear or tear, (2) mechanical failure, or (3) the fault or negligence of the Contractor or Contractor's employees.
2. For equipment furnished under this Agreement/Contract with operator, the Government shall not be liable for any loss, damage or destruction of such equipment, except for loss, damage or destruction resulting from the negligence, or wrongful act(s) of Government employee(s) while acting within the scope of their employment. The operator is responsible for operating the equipment within its operating limits and responsible for safety of the equipment.

CLAUSE 10. Contractor's Responsibility for Property and Personal Damages: Except as provided in Clause 9, the Contractor will be responsible for all damages to property and to persons, including third parties, that occur as a result of Contractor or designee or employee fault or negligence. The term "third parties" is construed to include employees of the Government.

Insurance Requirements:

1. The Contractor shall obtain and retain in force for the duration of this contract, the following forms of insurance written by an insurance company licensed and admitted in Idaho. The Contractor shall furnish the Idaho Department of Lands with an Accord Form or Certificate of Insurance executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth below. All certificates shall provide for ten (10) days' written notice to the Idaho Department of Lands prior to cancellation or material change of any insurance referred to therein. All policies required shall be written such that the insurance of the Contractor is primary, and any insurance carried by the state of Idaho, its departments, agents, officials, and employees shall be excess and not contributory to the insurance provided by the Contractor.

All policies shall be endorsed to include the "state of Idaho, its departments, agents, officials, and employees as additional insureds" and shall protect the Contractor and IDL from claims for damages for bodily injury, including accidental death, as well as for claims for property damages, which may arise from operations under this contract whether such operations be by the Contractor, his employees, subcontractors, agents, or guests.

All policies shall contain waiver of subrogation coverage or endorsements. Failure of the Idaho Department of Lands to demand such certificate(s) or other evidence of full compliance with these insurance requirements, or failure of the Idaho Department of Lands to identify a deficiency from evidence that is provided, shall not be construed as a waiver of Contractor's obligation to maintain such insurance. Failure to maintain the required insurance may result in termination of this contract. The Contractor shall provide certified copies of all insurance policies required within ten (10) days if requested by the Idaho Department of Lands.

2. By requiring insurance herein, the Idaho Department of Lands does not represent that coverage and limits will necessarily be adequate to protect Contractor and such coverage and limits shall not be deemed as a limitation on Contractor's liability under the indemnities granted to IDL in this contract.
3. The Contractor shall require all subcontractors utilized in performance of this contract to provide Certificates of Insurance to the Idaho Department of Lands evidencing insurance coverage with the required additional insured endorsements as set forth in the preceding paragraphs.

Dozers, Excavators, Feller/Buncher, Skidders, Heavy Equipment, Transport Vehicles/Lowboys

1. Commercial General and Umbrella Liability Insurance

Contractor shall maintain Commercial General Liability (CGL) and, if necessary, commercial umbrella insurance with a combined single limit of not less than \$1,000,000 each occurrence. The CGL shall be written on standard ISO occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from premises, operations, independent contractors, products-completed operations, personal injury, advertising injury, and liability assumed under an insured contract including the tort liability of another assumed in a business contract.

2. Automobile Insurance

The Contractor shall maintain automobile liability insurance which shall provide a minimum \$500,000 combined single limit per occurrence and shall include coverage for owned, non-owned, and hired automobiles.

3. Workers' Compensation Insurance

The Contractor shall maintain Workers' Compensation insurance including employer's liability in the amount required by statute covering employees of Contractor and any uninsured subcontractors. Contractor shall furnish the Idaho Department of Lands with a Certificate of Insurance evidencing such coverage.

Fully Operated Transportation, Privately-owned Vehicles (Automobiles, Pick-ups, 2x4 and 4x4, Sport Utility Vehicles, Trucks (stake side/stock))

1. Commercial General and Umbrella Liability Insurance

Contractor shall maintain Commercial General Liability (CGL) and, if necessary, commercial umbrella insurance with a combined single limit of not less than \$1,000,000 each occurrence. The CGL shall be written on standard ISO occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from premises, operations, independent contractors, products-completed operations, personal injury, advertising injury, and liability assumed under an insured contract including the tort liability of another assumed in a business contract.

2. Automobile Insurance

The Contractor shall maintain automobile liability insurance which shall provide a minimum \$500,000 combined single limit per occurrence and shall include coverage for owned, non-owned, and hired automobiles.

3. Workers' Compensation Insurance

The Contractor shall maintain Workers' Compensation insurance including employer's liability in the amount required by statute covering employees of Contractor and any uninsured subcontractors. Contractor shall furnish the Idaho Department of Lands with a Certificate of Insurance evidencing such coverage.

All-Terrain Vehicles (ATV) and Utility Terrain Vehicles (UTV)

1. General Liability Insurance

Contractor shall maintain Commercial General Liability (CGL) and, if necessary, commercial umbrella insurance with a combined single limit of not less than \$500,000 each occurrence. The CGL shall be written on standard ISO occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from premises, operations, independent contractors, products-completed operations, personal injury, advertising injury, and liability assumed under an insured contract including the tort liability of another assumed in a business contract.

CLAUSE 11. Deductions: Unless specifically stated elsewhere in this Agreement/Contract the cost of any supplies, materials, or services, including commissary, provided for the Contractor by the Government will be deducted from the payment to the Contractor.

CLAUSE 12. Personal Protective Clothing and Equipment: The Government considers operators as fireline personnel who will use and wear specified articles of personal protective equipment.

The following mandatory items will be issued by the Government, when not required to be furnished by the Contractor, to operators performing within the scope of this Agreement/Contract:

1. Clothing: Boots, minimum 8 inches high, lace-type leather work boot with Vibram-type soles (boots are provided by the Contractor); hard hat with chin strap; fire resistant long sleeve shirt and trousers, or fire resistant jumpsuit; leather or leather/flame resistant combination gloves; goggles/safety glasses; and ear plugs/hearing protection. When using a chainsaw, saw chaps will be required for leg protection.

2. Equipment: fire shelter; headlamp; individual first-aid kit;
3. Other items may be issued by the Government.

Operators shall wear the items of clothing issued and maintain the issued equipment in a usable and readily available condition. Upon completion of the assignment, all issued items of clothing or equipment shall be returned to the Government. Deductions will be made for all Government-furnished protective clothing and equipment not returned by the Contractor.

CLAUSE 13. Commercial Motor Vehicles: All commercial motor vehicles must meet Department of Transportation (DOT) requirements. The regulations can be found at the following website: www.fmcsa.dot.gov.

CLAUSE 14. Claims Settlement Authority: Claims against the state of Idaho for incidents under IDL jurisdiction, will be submitted in accordance with the IDL Incident Business Operating Guide.

CLAUSE 15. Changes: Changes to this Agreement/Contract, may only be made by the original signing procurement official. If the original signing procurement official is not available and adjustments are deemed appropriate, a new Agreement/Contract shall be executed at the incident and shall be applicable **only** for the duration of that incident. The Agreement/Contract will include name and location of the incident.

CLAUSE 16. Firearm – Weapon Prohibition: The possession of firearms, or other dangerous weapons, are prohibited at all times while on government property and during performance of services, under this Agreement/Contract. The term dangerous weapon does not include a pocketknife with a blade less than 2 ½ inches in length or multipurpose tools such as a Leatherman.

CLAUSE 17. Work/Rest and Length of Assignment: The Contractor is required to follow the work/rest guidelines as established by the NWCG. Refer to website for the guidelines: www.nwcg.gov.

CLAUSE 18. Harassment Free Workplace: The contracting agency will not tolerate harassment based on race, national origin, religion, age, mental or physical disability, color, sex, or any other non-merit factors.

The contracting agencies strive for a harassment-free work environment where people treat one another with respect. Managers, supervisors, and all employees, as well as Contractors, cooperators and volunteers have the primary responsibility for creating and sustaining this harassment-free environment (by example, by jo supervision, by coaching, by training, by contract enforcement, and by other means). All employees, Contractor personnel, and visitors must take personal responsibility for maintaining conduct that is professional and supportive of this environment.

2020 IDL Engine Contract Fact Sheet

Idaho Department of Lands (IDL) will be utilizing 11 contracted engines for 2020 fire support, starting August 1 and going through September 15, with the opportunity to extend if necessary.

The engines will be integrated and treated as an IDL engine except for Extended Attack on Federal Incidents.

This Fact Sheet outlines how these resources will be handled.

1. Starting August 1 contractors will notify their VIPR Contracting Representative that their equipment is unavailable for assignment from the DPL.
2. The contracted engines shall be under the control of the appropriate dispatch center in IROC, by way of a Preposition order or by other means. Being assigned to a Preposition order, in IROC, removes them from availability. Engines will be attached to the IDL contracts in IROC.
3. While under contract with IDL, IDL will be the payment agency for false runs, Initial Attack or Mutual Aid responses.
4. When the contracted resource is assisting in Initial Attack on a Federal Incident, they are to be treated as an IDL resource during the first operational period. Their resource order should indicate in Special Remarks which contract number they are working under.
5. Ideally, on a Federal incident, the resource is released after the first operational period. If the IC determines the contracted resource is needed after the IA period, a resource order needs to be requested through dispatch and the engine will be reassigned and given a new resource order number under their VIPR Agreement.

Since the engine is already on incident, the DPL will not affect the IC's decision to keep the equipment. DPL will only take precedence if new resources are being ordered and dispatched. Below is the term, within their federal I-BPA that allows for this:

- i. (3) Government normally will dispatch resources in accordance with this protocol; however, the number of fire orders in process and actual fire conditions at the time of dispatch may require a deviation from normal procedures in order to respond effectively to such conditions. Any such deviation will be within the discretion of Government and will not be deemed a violation of any term or condition of this Agreement.*

Once the IC has determined the contracted resource is no longer needed, they will be demobed from the incident in accordance with their contract. Upon arrival to the IDL duty station, the contractor will revert to their IDL contract and unavailable DPL status.

Important Reminders:

- A contracted resource cannot perform as an Incident Commander on Federal fires.
- A contractor cannot supervise federal employees.
- A contract employee shall not be expected to assume duties as the Incident Commander on an Idaho Department of Lands Incident.

See next page for list of Contacted Engines.

Below is the list of contracted engines and vendors; included is their IDL Agreement # and IDL assignment location(s), their VIPR Agreement # as well as the engine's respective Dispatch Priority Listing:
