

Idaho Board of Scaling Practices,

March 18, 2021

I have reviewed the new cubic log scaling manual. It is thorough and procedures are well written. It is important to have a cubic manual standardizing rules and procedure for those wishing to scale cubic. This will help ensure scalers are using same practices throughout Idaho. I am glad cubic is not replacing Scribner but do believe it is important to have the cubic manual available for use.

Thank you,
Heather Bashaw
