Lawrence E. Denney, Secretary of State  
Lawrence G. Wasden, Attorney General  
Brandon Woolf, State Controller  
Sherri Ybarra, Sup't of Public Instruction*

**REGARDING: IDL RFQ – 21-207-041012 IPNF Roadside Spray- GNA - ADDENDUM 2**

This ADDENDUM 2 is sent as clarification only to the original solicitation sent April 1, 2021.

**1) QUESTION: How wide out each side of the road would you like sprayed?**

**ANSWER: Page 22 Section F under Contract Performance addresses this:**

**The Contractor shall aim to treat 100% of the infested area with the chemicals listed in the project description for the following standards: Weed treatments will occur from the toe of the fill to the top of the cut OR 25 linear feet perpendicular in either direction from the edge of the running surface (whichever comes first), the running surface itself, and on turnouts and existing landings.**

**2) QUESTION: Is the roadside truck spaying portion of the contract a combination of truck spraying and hand application?**

**ANSWER: The intent is to complete all work outside on the 150' buffer zone around water with a truck or ATV mounted boom sprayer. Hand spraying will only be required inside the 150' buffer zone.**

**3) QUESTION: Will there be an IDL inspector on the job at all times to ensure the awarded company is following the rules on hand spraying versus truck Spraying?**

**ANSWER: No, we will not be able to have an inspector on the job at all times. The intent is to provide initial oversight and feedback to the contractor to provide clarification and input to help them be successful in performing the contracted work.**

These questions and answers area sent as clarification only and do not change the due date of the RFQ.

**This solicitation closes: April 15, 2021 at 1PM MT**

Thank you.
