REGARDING: IDL ITB 23-711 Service Bodies - ADDENDUM 1

This ADDENDUM 1 is sent in response to questions received from the original solicitation sent June 6, 2022.

1) QUESTION: Can you please include the following Chassis specifications:

   ANSWER: in yellow boxes

   | Year: 2023 | Make: Ford | Model: F550 Chassis |
   | C.A: 60" | W.B: 179" | GVWR: 18,000 |
   | Front Axle Cap: 7500 lbs | Rear Axle Cap: 14706 lbs |
   | Vehicle Type: Super Duty | Cab Type: Crew |
   | Tire Size-Front: LT225/70SR19.5 | Tire Size-Rear: LT225/70SR19.5 |
   | Drive Train: 4 WD | No. of Fuel Tank(s): 1 |
   | Fuel: 40 gal | DEF: N/A |
   | DEF Tank Loc.: N/A | Fuel Tank Local(s): Very rear of chassis |

2) QUESTION: The body floor and under structure shows 10 ga aluminum tread floor plate, the body is steel, is the aluminum tread floor required or can we use a steel tread plate floor?

   ANSWER: The floor needs to be a 10 ga steel tread plate.

3) QUESTION: Can you provide the vehicle make and model?

   ANSWER: Ford F-550

4) QUESTION: Can you please clarify the following regarding the Body Floor and Understructure:
   - Add extra channel and reinforce frame under water tank?
   - Do you have a mounting location for the water tank?

   ANSWER: The tank mounts in the front 80" of the service body. No additional reinforcement is needed for the mounting of the tank, only reinforced for the weight of the tank which would be closer layout for the understructure.

5) QUESTION: There is no Rear bumper in the specifications, is a rear bumper needed?

   ANSWER: There is no rear bumper needed for the quote.

These questions and answers area sent as clarification only and do not change the due date of the ITB.

   This solicitation closes: June 29, 2022 @ 2:00 p.m., PT

Thank you.
