Re: Request for Hearing on Application L-11-S-174

Dear: Mr. Hirschi

The Idaho Department of Lands (IDL) has reviewed your application for a Commercial Encroachment Permit. While the application is complete, IDL does not believe some of the proposed encroachments should be permitted. As allowed by Idaho Code 58-1306(c), IDL is objecting to the application and requiring a public hearing. This hearing will be an opportunity for IDL, members of the public, and you to present evidence and testimony regarding the proposed encroachments. An outside hearing officer from the Office of Administrative Hearings will be appointed and preside over the hearing. Please look for information regarding that appointment in the next week.

Should you have any questions, please contact us.

Sincerely,

Gary Billman, P.G.
Lands Resource Specialist, Senior – Minerals/Geologist
