IDL000017

Application L96S2798 was withdrawn by the applicants and a permit was therefore never issued by IDL.

Please submit your comments, recommendations, or objections to the Idaho Department of Lands via email to navigablewaterways@idl.idaho.gov by **the public hearing date which is yet to be determined (please check the website for date/location as the information becomes available)**, regarding the likely effect of the proposed encroachments upon navigation, adjacent property, lake and streambed value factors of navigation, fish and wildlife habitat, aquatic life, recreation, aesthetic beauty, or water quality. If you have concerns or are opposed to the project as proposed, please list your specific reasons for concern or opposition and any facts or documentation to support your position. You should recommend alternate plans if they are economically feasible to accomplish the purpose of the proposed encroachment. You should also recommend any mitigation measures or special restrictions/provisions you would like included as part of the permit if one is issued.

If you do not submit a comment, IDL will assume you have no objections to the application.

If you have additional questions regarding the encroachment application, please contact the Idaho Department of Lands at navigablewaterways@idl.idaho.gov

Good Afternoon –

This announcement will serve as **Notice** that a Public Hearing will be held for this project. This Public Hearing will be conducted by the Office of Administrative Hearings to take testimony regarding the

IDL000019

proposed project. An in-person, two-day, public evidentiary hearing is scheduled for October 7 and 8, 2024, at Sandpoint High School Auditorium located at 410 S. Division Ave., Sandpoint, ID. The hearing will commence at 5:00 p.m. Pacific Time and conclude at 8:00 p.m. Pacific Time on both days. The hearing held on October 7 will focus on the Valiant 2's application for encroachment and the modifications made since the initial application; the time will then be opened to public comment. Any additional public comment will continue on October 8, if necessary.

Written objections or comments regarding this project must be directed to navigablewaterways@idl.idaho.gov and be on file with the Idaho Department of Lands by the public hearing date. Specific information regarding this application may be obtained via the website: <https://www.idl.idaho.gov/lakes-rivers/administrative-hearings/idaho-club-trestle-creek-project/>
