Since this is outside of my administrative boundary, I do not have any official comments, however, I am pleased to see the plans to include measures to handle any contaminated sediments they may encounter.

Thank you Amidy!

Good Afternoon,

Please review the attached application for a commercial facility expansion, construct a commercial year-round building area, build a boat launch, dredge, build a seawall with riprap, and have a nonnavigational building for storage on Lake Coeur d'Alene. The Department has called for a hearing, the date, time, and location of the Public hearing is yet to be determined. We ask that you submit your comments by October 15, 2024.

If you have question or would like updates on the hearing, please contact me.

Thanks,
