Dear Idaho Department of Lands, Comments,

I'm concerned about the proposed commercial marina at Trestle Creek - application #L-96-S-2798A. The marina would welcome hoards of new boat traffic, bringing noise, garbage, and the potential for oil and gas leaks to this tranquil and unique habitat. According to Idaho's Lakes Protection Act, commercial marina moorage for use by the general public may not require membership in a club or organization. It is unclear why the Idaho Club would want to develop a marina and not give preference to their owners and members. There is no assurance that they will not. The developer claims that "boat slips and waterfront lots on Lake Pend Oreille are in high demand, with a deficit of availability to current demand." No evidence is offered to support this claim. This marina is not in the public interest; please do not allow it to be permitted!

Regards,  
Amanda Knepper  
329 St Clair Ave  
Sandpoint, ID 83864

Dear Idaho Department of Lands, Comments,

I'm concerned about the proposed commercial marina at Trestle Creek - application #L-96-S-2798A.

Trestle Creek has been designated the best habitat for spawning of bull trout and kokanee on Lake Pend Oreille. Why would we allow this area to be developed knowing this? A new marina in this area will disturb even more of wildlife on the lake. Interesting that Idaho club is proposing a public marina this go round as if that changes the impact it will have.

Please do not let more of our great lake be taken over with access for a very chosen few.

Regards,  
constance hammond

**Subject:** Stop the unnecessary commercial marina at Trestle Creek

---

Dear Idaho Department of Lands, Comments,

I'm concerned about the proposed commercial marina at Trestle Creek - application #L-96-S-2798A. The marina would welcome hoards of new boat traffic, bringing noise, garbage, and the potential for oil and gas leaks to this tranquil and unique habitat. According to Idaho's Lakes Protection Act, commercial marina moorage for use by the general public may not require membership in a club or organization. It is unclear why the Idaho Club would want to develop a marina and not give preference to their owners and members. There is no assurance that they will not. The developer claims that "boat slips and waterfront lots on Lake Pend Oreille are in high demand, with a deficit of availability to current demand." No evidence is offered to support this claim. This marina is not in the public interest; please do not allow it to be permitted!

Regards,  
Emma McIntire

The developer claims that "boat slips and waterfront lots on Lake Pend Oreille are in high demand, with a deficit of availability to current demand." No evidence is offered to support this claim. This marina is not in the public interest; please do not allow it to be permitted!
