IDAHO DEPARTMENT OF LANDS PRESEASON CONTRACT PROVISIONS

Since the equipment needs of the Government and availability of Contractor's equipment during an emergency cannot be determined in advance, it is mutually agreed that, upon request of the Government, the Contractor shall furnish the equipment listed herein to the extent the Contractor is willing and able at the time of order. The following personnel are authorized to place orders against this Agreement/Contract, Dispatchers, Buying Team Members, Finance Section Chiefs, Procurement Unit Leaders, and Contracting Officers. At time of dispatch, a resource order number will be assigned. The Contractor shall furnish the resource order number upon arrival and check in at the incident. The Incident Commander, or designee, is authorized to administer the technical aspects of this Agreement/Contract. Equipment furnished under this Agreement/Contract may be operated and subjected to extreme environmental and/or strenuous operating conditions which could include, but is not limited to, unimproved roads, steep, rocky, hilly terrain, dust, heat, and smoky conditions. As a result, by entering this Agreement/Contract, the Contractor agrees that what is considered wear and tear under this Agreement/Contract is in excess of what the equipment is subjected to under normal operations and is reflected in the rates paid for the equipment. When such equipment is furnished to the Government, the following clauses shall apply:

CLAUSE 1: Condition of Equipment:

All equipment furnished under this Agreement/Contract shall be in acceptable condition. The Government reserves the right to reject equipment that is not in safe and operable condition. The Government may allow the Contractor to correct deficiencies within 24 hours. No payment for travel to an Incident, point of inspection or return to the Point of Hire, will be made for equipment that does not pass inspection. No payment will be made for the time that the equipment was not available.

CLAUSE 2: Time Under Hire:

The time under hire shall start at the time the equipment begins traveling to the incident after being ordered by the Government, and end at the estimated time of arrival back to the Point of Hire after being released, except as provided in Clause 7 of these General Clauses.

CLAUSE 3 Operating Supplies:

As identified in Block 7, operating supplies include fuel, oil, filters, lube/oil changes. Even though Block 7 may specify that all operating supplies are to be furnished by the Contractor (*wet*), the Government may, at its option, elect to furnish such supplies when necessary to keep the equipment operating. The cost of such supplies will be determined by the Government and deducted from payment to the Contractor.

CLAUSE 4 Repairs:

Repairs to equipment shall be made and paid for by the Contractor. The Government may, at its option, elect to make such repairs when necessary to keep the equipment operating. The cost of such repairs will be determined by the Government and deducted from payment to the Contractor.

CLAUSE 5 Timekeeping:

Time will be verified and approved by the Government Agent responsible for ordering and/or directing use of each piece of equipment. Time will be recorded to the nearest half hour worked for daily/hourly rate, or whole mile for mileage.

CLAUSE 6 Payments:

- a) Rates of Payments - Rates for equipment hired with Contractor-Furnished Operator(s) shall include all operator(s) expenses. Payment will be at rates specified and, except as provided in Clause 7, shall be in accordance with the following:
 - i) Work Rates (Column 12) (hourly/daily/mileage/shift basis) shall apply when equipment is under hire as ordered by the Government and on shift, including relocation of equipment under its own power.
ON-SHIFT: Includes time worked, time that equipment is held or directed to be in a state of readiness, and compensable travel (equipment traveling under its own power) that has a specific start and ending time.
 - ii) Special Rate (Column 13)- shall apply when specified.
 - iii) Guarantee- For each calendar day that equipment is under hire for at least 8 hours, the Government will pay not less than the amount shown in Column 14. If equipment is under hire for less than 8 hours during a calendar day, the amount earned for that day will be not less than one-half the amount specified in Column 14. The guarantee is not applicable to equipment hired under the daily rate. Equipment under transport is time under hire and compensated through the guarantee. If equipment is transported under its own power, it is compensated under the work rate.

- iv) **Daily Rate (Column 12)** - Payment will be made on the basis of calendar days (0001 – 2400). For fractional days at the beginning and ending of time under hire, payment will be based on 50 percent of the daily rate for periods less than 8 hours. Under the daily rate equipment may be staffed with or without operator.
 - Single day Under Hire:** Pay a fractional day (1/2 rate) for resources that work 8 hours or less.
 - Multiple Consecutive Days Under Hire:**
 - 1. First Day Under Hire: If hired prior to 1600 hours, pay a full day rate. If hired after 1600 hours, pay a fractional day (1/2 rate).
 - 2. Last Day Under Hire: If released prior to 0800 hours, pay a fractional day (1/2 rate). If released after 0800 hours, pay a full day rate.
- v) **Shift Basis (Portion of Calendar Day)**
 - Single Shift (SS)** is staffed with one operator or one crew.
 - Double Shift (DS)** is staffed with two operators or two crews (one per shift). The DS rate will apply any calendar day the DS was under hire, including travel. There will be no compensation for a double shift unless a separate operator(s) and or crew(s) is/are ordered in writing for the second shift.
 - Agency personnel at the Section Chief level may, by resource order, authorize a second operator or crew (Double Shift), if needed during the assignment.
- b) **Method of Payment.** Lump-sum payment will normally be processed at the end of the emergency assignment. However, partial payment may be authorized as approved by the incident agency. Payment for each calendar day will be made for:
 - i) Actual units ordered and performed under work or daily, shift basis and/or special rates, or
 - ii) The guarantee earned, whichever is the greater amount.

CLAUSE 7 Exceptions:

- a) **Daily Rate or Guarantee:** No further payment under Clause 6 will accrue during any period that equipment under hire is not in a safe or operable condition or when Contractor-Furnished Operator(s) is not available for the assigned shift or portions of the assigned shift. Payment will be based on the hours the equipment was operational during the assigned shift, as documented on the shift ticket versus the designated shift shown on the Incident Action Plan (IAP). If the equipment was not operational for the full shift, the deduction from the daily rate is calculated by converting the length of shift from the IAP to determine the hourly rate and pay the Contractor for the total hours worked before equipment became non-operational.
 - i) If the Contractor withdraws equipment and/or operator(s) prior to being released by the Government, no further payment under Clause 6 shall accrue and the Contractor shall bear all costs of returning equipment and/or operator(s) to the Point of Hire.
 - ii) After inspection and acceptance for use, equipment and/or furnished operator(s), that cannot be replaced or equipment that cannot be repaired at the site of work by the Contractor, or by the Government in accordance with Clause 4, within 24 hours, may be considered as being withdrawn by the Contractor in accordance with Paragraph i) above, that the Government shall pay return travel. The Government shall calculate travel in accordance with normal release of resource. The contractor shall bear any additional cost returning resource and/or operator(s) to the point of hire.
 - iii) No payment will accrue under Clause 6 when the Contractor is off shift in compliance with the mandatory "Work/Rest" and "Length of Commitment" provisions. As an option to rotating personnel, or taking a mandatory day off, without pay, the Contractor may be released from the incident.
 - b) **Transport:** If there is a single operator for both the heavy equipment and transport, the transport guarantee is reduced to 65% of the transport minimum daily guarantee. The mileage rate is not reduced. Transport is considered released once the heavy equipment is delivered and unloaded at the incident, unless one of the following exceptions apply:
 - i) If approved by the government, the contractor may keep the transport at the incident, after it has been released, at no additional cost to the government.
 - ii) Incident may retain transport under hire for the sole purpose of transporting the heavy equipment that was originally ordered; the mileage rate or the minimum daily guarantee, whichever is greater will be paid until the transport is released.
 - iii) If the Transport is retained by the Incident, it must be documented by the Incident Commander or the Operations Sections Chief in writing. Transport will then be paid the agreed rate until released from incident.
- For transport with a separate operator, the name of the transport operator must be listed in the Remarks block (block 14) of the daily shift ticket.

CLAUSE 8 Subsistence:

When Government subsistence incident camps are available, meals and bedding for Contractor's will be furnished without charge. Government will furnish meals and lodging without cost if hotel/restaurant subsistence is the approved camp for incident personnel. Double occupancy of hotel rooms may be required. Contractors are not paid per diem or lodging expenses to and from incidents.

CLAUSE 9 Loss, Damage, or Destruction:

- a) For equipment furnished under this Agreement/Contract without operator, the Government will assume liability for any loss, damage or destruction of such equipment, except that no reimbursement will be made for loss, damage or destruction due to (1) ordinary wear or tear, (2) mechanical failure, or (3) the fault or negligence of the Contractor or Contractor's employees.
- b) For equipment furnished under this Agreement/Contract with operator, the Government shall not be liable for any loss, damage, or destruction of such equipment, except for loss, damage or destruction resulting from the negligence, or wrongful act(s) of Government employee(s) while acting within the scope of their employment. The operator is responsible for operating the equipment within its operating limits and responsible for the safety of the equipment.

CLAUSE 10 Contractor's Responsibility for Property and Personal Damages:

Except as provided in Clause 9, the Contractor will be responsible for all damages to property and to persons, including third parties, that occur as a result of Contractor or designee or employee fault or negligence. The term "third parties" is construed to include employees of the Government.

All policies shall contain waiver of subrogation coverage or endorsements. Failure of the Idaho Department of Lands to demand such certificate(s) or other evidence of full compliance with these insurance requirements, or failure of the Idaho Department of Lands to identify a deficiency from evidence that is provided, shall not be construed as a waiver of Contractor's obligation to maintain such insurance. Failure to maintain the required insurance may result in termination of this contract. The Contractor shall provide certified copies of all insurance policies required within ten (10) days if requested by the Idaho Department of Lands.
- ii) By requiring insurance herein, the Idaho Department of Lands does not represent that coverage and limits will necessarily be adequate to protect Contractor and such coverage and limits shall not be deemed as a limitation on Contractor's liability under the indemnities granted to IDL in this contract.
