*Commercial navigational encroachments require a base fee of two thousand dollars (\$2,000). If the costs of processing an application exceed this amount, then the applicant may be charged additional costs as allowed by Idaho Code § 58-1307.

Fees are cumulative for multi-part projects that combine navigational and non-navigational components. Projects with *only* navigational encroachments that are permitted concurrently will not have cumulative fees, but if the same navigational encroachments are permitted separately the fees will be cumulative. Some examples are:

Navigational combined with non-navigational concurrently:

- Single Family Dock (\$425) + Water Intake Line ≤ 4 houses (\$425) = \$850
- Single Family Dock (\$425) + riprap project (\$550) + \$75 publication fee = \$1,050
- Commercial Navigational (\$2,000) + riprap project (\$550) + \$75 publication fee = \$2,625
- Commercial Navigational (\$2,000) + non-navigational project (\$1,000) + \$75 publication fee = \$3,075

Only navigational encroachments permitted concurrently:

- Single Family Dock (\$425) + boat lift (\$425) (concurrently) = \$425

Only navigational encroachments permitted separately:

- Single Family Dock (\$425) + boat lift (\$425) (separately) = \$850

Only non-navigational encroachments permitted concurrently:

- Non-navigational project (\$1,000) + Non-navigational project (\$1,000) + \$75 publication fee = \$2,075
