Presentation will review necessity of boat weigh to public when originally permitted with a detail of what the boat weigh is and how it has been used for over 38 years to service watercraft of all types on the lake and river. Presentation giving a summary of the background of the business and like businesses nearby. Explanation of why it became necessary to place the two piling where they are located and how they are used. Explain that alternatives to this option were considered, but rejected as not feasible. Explanation for the need of the 7.5 additional feet of dock length. Response to Objector's complaints.
