Re: Courtesy Notification of Application of Encroachment ERL95S1227K

To Whom it May Concern:

This letter is to inform you as a courtesy that your adjacent neighbor, DISCOVERY SQUAW BAY LAND LLC, has applied for a permit with Idaho Department of Lands for a Commercial marina and fuel station on Lake Coeur d'Alene. The enclosed applications with site diagrams show the location and indicate dimensions and distances to your mutual property/riparian boundary.

If you **do not** have concerns about the proposed project after reviewing the application packet, and you **do not** wish to object to the application, please complete the attached form (sign box 1) and return to our office as quickly as possible.

If you object to the proposed application and would like to request a public hearing, please complete the attached form (sign box 2) and return it to our office as quickly as possible. State law IDAPA 20.03.04.030.04 requires you submit your written objection (specifically asking for a public hearing) and a \$75 fee to cover the cost of publishing notice of hearing within thirty (30) days of the first date of publication (the first date it appears in the local newspaper advertising the application).

Please ensure the Department receives this information by **December 22, 2025**. It would be helpful if your comments addressed effects on navigation, fish and wildlife habitat, aquatic life, recreation, water quality, aesthetic beauty, and/or protection of property. Please include your phone number and e-mail address with your correspondence so that I can respond to you in a timely manner.

Sincerely,

Amidy Fuson

COMMERCIAL REQUIREMENTS AND SETBACKS

General requirements are as follows:

- 1) **Commercial Marina.** A commercial navigational encroachment whose primary purpose is to provide moorage for rental or for free to the general public.
- 2) Commercial marinas must have a minimum of fifty percent (50%) of their moorage available for use by the general public on either a first come, first served basis for free or rent, or a rent or lease agreement for a period of time up to one (1) year. Moorage contracts may be renewed annually, so long as a renewal term does not exceed one (1) year. Moorage for use by the general public may not include conditions that result in a transfer of ownership of moorage or real property, or require membership in a club or organization.
- 4) Length of Community Docks and Commercial Navigational Encroachments. Docks, piers, or other works may extend to a length that will provide access to a water depth that will afford sufficient draft for watercraft customarily in use on the particular body of water, except that no structure may extend beyond the normal accepted line of navigability established through use unless additional length is authorized by permit or order of the director. If a normally accepted line of navigability has not been established through use, the director may from time to time as he deems necessary, designate a line of navigability for the purpose of effective administration of these rules.
- 5) It will be presumed, subject to rebuttal, that single-family and two-family navigational encroachments will have an adverse effect upon adjacent littoral rights if located closer than ten (10) feet from adjacent littoral right lines, and that commercial navigational encroachments, community docks or nonnavigational encroachments will have a like adverse effect upon adjacent littoral rights if located closer than twenty-five (25) feet to adjacent littoral right lines. Written consent of the adjacent littoral owner or owners will automatically rebut the presumption. All boat lifts and other structures attached to the encroachments shall be subject to the above presumptions of adverse effects.
