Subject: Hayden Marina Request to Improve dock standards and availability
Date: Friday, February 20, 2026 2:09:27 PM

CAUTION: This email originated outside the State of Idaho network. Verify links and attachments BEFORE you click or open, even if you recognize and/or trust the sender. Contact your agency service desk with any concerns.

As a homeowner and family boat owner, I respectfully request approval of the application pending before you.

Improvements would modernize the marina which includes a nominal increase in boat slips, better infrastructure, improved safety and environmental compliant lighting, enhanced safety, and much-needed and updated dock construction standards.

Parking has never been a concern. Every time we have parked, spaces have always been available. Furthermore, driving on the access road has never been an issue. At best, we noticed two or three cars on the road at the same time.

The marina needs significant work consistent with environmental and safety standards.

We submit that this is the appropriate time to approve the improvement application.

Thank you and we look forward to a successful hearing.

Ron Kingston
1626 E Lady Bug Lane
Hayden, ID 82835
