Subject: Land board proposed purchase of private land in Idaho

Dear Darrell Early:

I am writing to ask you to oppose the state purchasing more land and reducing the amount of private property in Idaho.

I am opposed to the state land board being involved in purchasing privately held land for any reason. Idaho is already 70% Forrest, BLM, or state owned. If the State wants to control more land then take over the US Forrest Service lands but don't transfer more private land off of the county tax rolls.

Subject: No loss of private land

Dear Darrell Early:

I am writing to ask you to oppose the state purchasing more land and reducing the amount of private property in Idaho.

I am urging you to please discontinue the land board practice of buying private property through the reinvestment policy. The state should be selling land into private hands, not the other way around. A 70% government ownership rate of state lands is an abomination to any free people.
