Dear Darrell Early:

I am writing to ask you to oppose the state purchasing more land and reducing the amount of private property in Idaho.

When the IDL bought 13,520 acres in Benewah County the lost tax revenue was \$64,252.00. That is a lot of lost taxes to a small county that already had a high percentage of non taxable acres. This makes me and other people pay more in taxes. This validates the reason that IDL should stop competing with tax paying buyers to purchase land. The 5 northern counties have really been impacted by the tax base loss to IDL.
